OUR VICTORY COMPLETE

Over Fifty Pieces of Artillery Captured-Names of Some of the Union Officers Killed and Wounded - General Grant Issues an Order Complimentary of General Sheridan-Rebel General Ramseur

WAR DEPARTMENT. WASHINGTON CITY, Oct. 21, 1861. To Major General Dix, New York :

The following telegram, received this morning, contains further particulars of the battle of Cedar Creek: "CEDAR CREEK, VA., 11.30 a. m., October 20.

1864 .- Lieut. Gen. Grant, City Point, Va.: We have again been favored by a great victory-a victory won from disaster by the gallantry of our officers and men.

"The attack on the enemy was made about 3 p. m. by a left half-wheel of the whole line, with a division of cavalry turning each flank of the enemy, the whole line advancing. The enemy, after a stubborn resistance, broke and fled, and were pushed with vigor.

"The artillery captured will probably be over fifty pieces. This, of course, includes what were captured from our troops in the early morning. At least 1,600 prisoners have been brought in; also, wagons and ambulances

"This morning the cavalry made a dash at Fisher's Hill and carried it, the enemy having fled during the night, leaving only a small rear guard. I have to regret the loss of many valuable officers, killed and wounded-among them Col. Joseph Thoburn, commanding division of Crook's command, killed; Col. J. Howard Kitchen, commanding brigade, wounded; Col. R. G. McKenzie, commanding brigade, wounded severely-would not leave the field "I cannot yet give exact details. Many of

our men captured in the morning have made their escape, and are coming in. "Ramseur, commanding division in Early's army, died this morning. P. H. SHERIDAN,

"Major General commanding." General Grant's appreciation of the victory at Cedar Creek is expressed in the fellowing dispatch :

"CITY POINT, VA., Oct. 20, 1864, 8 p. m .-"Hon. Edwin M. Stanton, Secretary of War: I had a salute of one hundred guns from each of the armies here fired in honor of Sheridan's last victory. Turning what had bid fair to be a disaster into a glorious victory, stamps Sheridan, what I have always thought him, one of the ablest of Generals.

"U. S. GRANT, Lieutenant General." The Medical Director reports that seven hundred and seventy slightly wounded have reached Winchester from the field, and all wounded that are able to bear transportation will be forwarded immediately to Martins. burg.

The telegraph line is now working to Atlanta, but no late reports have been received by the Department. EDWIN M. STANTON, Secretary of War.

ARRIVAL OF PAROLED PRISONERS. Yesterday, the flag-of-truce boat New York arrived at Annapolis, with over six hundred paroled prisoners from Richmond, among whom were seventy-eight officers and one hundred and thirty men belonging to various vessels of the navy, who have been captured at different times, who reported at the Navy Yard this morning. Among these officers are Engineers S. B. Ellis, A. Renshaw, and H. K. Steever, of this city, and Lieut. R. L. Meade, of the Marine Corps. They have been in various prisons at the South, and for the most of the time the officers were confined at Macon, Ga. From this place they were sent to Savannah, and from thence to Richmond.

The enlisted men were kept at Andersonville. S. C., where they describe their sufferings to have been perectly horrible—not having enough to eat, little or no medicines, and treated with rudeness. In no place is the rebel ration enough for the men, and even this inadequate ration for a large portion of the time was totally unfit for use. They were closely guarded at all the prisons, and not allowed to show themselves at a window on penalty of being shot. Some of them state that they have reason to believe the Union has friends in Macon and Savanneh, but they are satisfied that South Carolina has but few Union lovers in it. The officers of the prisons gave them seven dollars Confederate money for one greenback, but they ascertained that on the street the ruling price was twenty for one. The day the prisoners left Richmond, (Tues-

city who had taken the oath to the Southern Confederacy were sent South. These men, it is stated, were absolutely driven to this course, being almost starved and destitute of clothing. BLOCKADE RUNNING ON THE POTOMAC. For several months past there has, apparently, been but little running the blockade across the lower Potomac, but lately the trade has been resumed to a considerable extent, if we may judge from the number of boats lately destroyed in the creeks on the Virginia shore, by the several vessels of the flotilia. Some time since, to more effectually break up the trade carried on by parties in the lower part of Maryland, a large number of boats were destroyed. but it seems that they have been replaced to a considerable extent. The Yankee, alone, has destroyed, in the last three weeks, over thirty boats found on the Virginia shore, which had been used in the trade. Lately there have been several runners captured four on Tuesday night last, (three by the Juni-

per and one by the Rescue,) who were sent up

to the guard-boat Hugo, off Alexandria, yesterday. The fiotilla under Commander Parker is now in fine trim, and will, if possible,

as by way of the Rappahannock and the

MORTALITY AT SEA. Commander N. Collins, writing to the Navy Department from on board the United States steamer Wachusett, at Bahia, Brazil, under date of August 20th, reports that while on his way from Rio de Janeiro to Bahia, on the 7th of August, he fell in, in latitude 20 deg. 12 min. south, longitude 37 deg. 26 min. west, with the American ship Princess, of Boston, R. Crowell, master, with a cargo of guane, 108 days from Baker's Island, Pacific ocean, bound to Liverpool. Three of the crew of the Princess had died, five more were unfit for duty from scurvy, and all of the rest were suffering more or less with the same disease. The Wachusett supplied the Princess with provisions and medicines, and sent eight men on board of her to work her into the harbor at Bahia, where she arrived on the 15th of August.

# LOCAL NEWS.

FIRE AND THE FIRE ALARM TELEGRAPH. Last night, at ten minutes to twelve o'clock, a fire was discovered in a wooden shed or stable in the rear of the residenc of Mr. Wm. John. son, on 8th, near K street north. The nearest signal box for the telegraph was No. 27, and the policeman declares that the signal was given from that according to the directions: but the alarm was given at the central office for box 24. The fire department answered the alarm immediately, and in a few minutes all the apparatus was in the vicinity of the fire. Upon inquiry being made at the central office relative to the alarm, it appears that the patrotman at box 27 turned the crank too fast, and there being no alarm given in response, the patrolman at box 24 signalled, and when he had done a signal from box 27 was ascertained, but the alarm was given for box 24. The shed was destroyed, and the less is small. No other property was injured. The fire was supposed to be an incendiary act. The conflict of the signals in this instance is easily accounted for by the anxiety of an officer for the first time operating upon an instrument which he has never before touched. ALBXANDRIA AFFAIRS .- We learn that

Thayer & Pierce, auction and commission merchants, who have been doing a large business at No. 17 Fairfax street, have absconded, leav ing quite a large number of unsettled bills. From all the information we can gather, we should think their liabilities amounted to between two and three thousand dollars. Had this firm conducted their affairs properly, they might have done a profitable business. They had a large business, but we learn they were very extravagant in their living. They were the leaders of the McClellan party in this city. Train Guards .- Mr. C. C. Berry and Mr. D.

S. Gwin were arrested yesterday as train guards, to take the places of J. E. McGraw and John W. Steuart, released. Arrangements have been made to send the citizens out the road alternate days: the guerrillan are to go every day. The friends of the citizen prisoners (not guerrillan) are permitted to send them bedding, provisions, &c., to make them comfortable. All thus provided for will be quartered at Uapt. (I wynn's office, on Fairfax street. Those for whom the Government must provide are comfortably quartered near the provide are comfortably quartered near the Jailor's room, at the slave pen guard-house, where ample facilities for cooking are provided -Alex Journal.
